INTRODUCTION

R. L. POLK & CO., publishers of more than 750 city, county, state and national Directories, present to subscribers and the general public, this, the 1941 edition of the Newport City Directory.

Confidence in the growth of Newport's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Newport to the world.

The enviable position occupied by R. L. POLK & CO.'S Directories in the estimation of the public throughout the country, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty co-operation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Newport Directory will fulfill its mission as a source of authentic information pertaining to the city.

Five Major Departments

The five major departments are arranged in the following order:—
THE MISCELLANEOUS DEPARTMENT, pages 8 to 50 on white paper, presents lists of city, county, state and federal officials; post office information, all city departments, churches with their ministers and church organizations, fraternal and miscellaneous societies; statistical review; historical sketch; and manufacturing, trade and civic surveys.

THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is included in pages 161 to 484, on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Newport, and the name, official personnel, nature and address of each firm and corporation in the city.

THE BUYERS' GUIDE beginning opposite page 52 and separately paged from 1 to 20 on tinted paper, contains the advertisements of leading manufacturing, business and professional interests of Newport. The advertisements are indexed under headings descriptive of the business represented. This is reference advertising at its best, and merits a survey by all buyers eager to familiarize themselves with sources of supply. In a progressive community like Newport, the necessity of having this kind of information immediately available, is obvious. General appreciation of this fact is evidenced by the many reference users of this City Directory service.

THE CLASSIFIED BUSINESS DIRECTORY is included in pages 53 to 99, on yellow paper. This department lists the names of all business and professional concerns in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable catalog of the numerous interests of the community. The Directory is the common intermediary between buyer and seller. As such it plays an important part in the daily activities of the commercial and professional world. More buyers and sellers meet through the Classified Business Directory than through any other medium.

THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, on pink paper, covers pages 485 to 611. In this section the names of the streets are arranged in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Features of this section is the designation of tenant-owned homes and the designation of homes and places of business having telephones as given to our enumerators.

Municipal Publicity

The Directory reflects the achievements and ambitions of the city, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Newport.

The Newport Directory Library

Through the courtesy of the publishers of the Newport City Directory, a Directory Library is maintained in the offices of the Chamber of Commerce, for free reference by the general public. This is one of more than 500 Directory Libraries installed in the chief cities of the U. S. and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

R. L. POLK & CO.
Publishers.

City Directory Statistical Review

*Suggested and Planned by American Community Advertising Association
Adopted by Association of North American Directory Publishers*

NEWPORT, RHODE ISLAND—"Capital of Vacation Land"

STATISTICAL INFORMATION

Form of Government: Mayor, Board of Aldermen (4 members, one from each ward), Representative Council (20 members, five from each ward).

Population: Estimated at 40,000; 1940 U. S. Census, 30,532.

Area: 7.3 square miles.

Altitude: 0-120 feet.

Predominating Nationalities in City: Native Americans, Italians, Portuguese, Greeks, French, English, Irish.

Parks: Eight.

City's Bonded Debt: Net \$2,099,304.21. Water Bond Net \$2,951,000.00.

Financial: Two Trust Companies, two National Banks, one Savings bank, one Building and Loan Association, and four Industrial Loan Companies.

Post Office Receipts: \$240,725.82.

Domestic refuse municipally collected and disposed of. Twenty-three miles of bus system operated. City has high health rate.

Fire Department: One chief engineer, one deputy engineer, four captains, forty-eight permanent and forty call men; twelve motorized pieces in commission; three stations.

Police Department: Sixty-five permanent, six reserve, ten pieces of motor equipment; one station.

Assessed Valuation: \$74,586,000.00.

NEWPORT

Located at the entrance to Narragansett Bay, a spacious body of water. Newport has always been noted for its excellent climate. Cool in summer and never excessively cold in winter, the city attracts a large number of retired business, professional and Army and Navy men who make their permanent home here. In summer it is the mecca for tourists from all sections of the country. It is conveniently reached via bridge from Saunderstown on the mainland to Jamestown and thence by ferry to Newport; by bus from Providence via the Mount Hope Bridge, the largest span in New England; or from Fall River and the Cape Cod territory through Stone Bridge. Excellent roads radiate from the city to the lovely countryside in Middletown, Portsmouth, Tiverton and Little Compton. The absence of factories and mills lends Newport an unusual atmosphere of rural serenity combined with the conveniences of the city.

Ideal living conditions are brought about by other factors besides the climate. There is an excellent public and parochial school system, the city is in the finest financial condition as the excellent rates received on its tax notes indicate, there is a fine water supply, a hospital of the best rating, an absence of crime, splendid churches, the best library facilities, outstanding doctors and other professional men, competent fire and police protection, and every possible facility that makes for a comfortable home and community life.

EARLY HISTORY

Newport in its three centuries of existence has been the scene of many notable events, historical, social and otherwise. In the centuries that have passed, many changes have come. What was at first an outpost of civilization became a thriving commercial port and capital of the colony. Revolution reduced the old town to the condition of a sleepy sea-side place, where its greatest charm was found in its quaint old-time aspect and in the beautiful old houses which had represented the best work of Colonial builders of the middle of the eighteenth century. As these were more and more appreciated, the tide of summer visitors set toward Newport. This tide has never ebbed, but continues in ever greater volume, as Newport's fame spreads farther—its climate and situation coming in for a share in this happy result.

Old Newport was founded in 1639 by the Antinomians and other religious refugees from the Bay Colony. It was an offshoot of a colony founded a year earlier on the northern part of the island and to it flocked Quakers, Moravians, Baptists, Jews for all found at Newport a haven of refuge. In 1640 the two colonies, which then had a population of nearly 1,000, united to form the "Colony of Rhode Island" and in 1647, the colony united with Providence. On June 1, 1784, Newport was incorporated as a city and on March 27, 1787, the city charter was repealed. The City was incorporated for the second time on May 6, 1853 and this charter was accepted May 20, 1853.

From 1739 to 1760, the foundation of Newport's prosperity was laid through the establishment of the "Triangular Trade". The merchants of Newport waxed wealthy, importing molasses from the West Indies, distilling it into rum, which they exchanged in Africa for negroes, which in turn were exchanged in the Barbadoes for more molasses, and so the vicious circle ran on, to the great profit of Newport merchants, until through more molasses, more rum, more negroes, wealth accumulated and with it came fashion, function and ceremony. Before the outbreak of the Revolution, the foreign trade of Newport was greater than that of New York, and the exalted social status of its wealthy citizens was recognized not only throughout the colonies, but in Jamaica and Antigua.

All that busy and prosperous life was cut short by the revolt of the colonies against English rule. During the Revolution, the English and later the French occupied Newport. The British during their occupation greatly injured the town. Nearly a thousand buildings were destroyed, and in order to feed the army, all the cattle and pigs on the island were sacrificed. In order to cook this food, practically every tree, all the great orchards of the early settlers, were cut down and used as firewood. Trinity Church was about the only important building not used as a hospital or barracks because of the crown on its spire.

After the British left the city, the French came in. They were the allies of the revolting colonists and they, too, had to be fed and kept warm. The farmers from the mainland sent what they had left to feed this second army. Delightful legends exist of those distant days when the citizens of Newport entertained their charming French allies; when great men of the Revolutionary Period were their guests; when there were balls and parties, and gay picnics in the fields beyond the town.

And then at the close of the war, time stopped in Newport. The city lay asleep for many years. The long military occupation and the suppression of the slave trade reduced Newport and Rhode Island generally to poverty. The little ships had lay rotting for four years in the harbor during the Revolution, and when the war was at last over, there was small spirit and no wealth left in Newport to send them to sea again. It was not until the early part of the nineteenth century that Newport once more began to entertain strangers. They came from the ends of the earth, quiet people with wealth and taste and an appreciation of the beauty of the old civilization which is Newport's heritage.

They come today to see for themselves the many landmarks which bear testimony to the great past of the city—the Old Stone Mill that carries the glamorous legend that it was built by the Norsemen and is celebrated in the poem by Longfellow "The Skeleton in Armour"; Touro Synagogue and the Redwood Library, among the oldest institutions of their kind in the country; Trinity Church where George Washington attended worship while in Newport; Washington Square, or the Parade, the centre of old Newport, on which are still standing the Old State House, built in 1739, and until recently used as the County Court House, and the old Brick Market, built in 1763; the many old houses built in Colonial times which bring to mind romantic associations. These are but a few landmarks which bring to mind Old Newport and which yearly draw thousands of lovers of antiquity to this city.

MILITARY AND NAVAL BASE

Newport has always been associated with the Navy. At the Naval Torpedo Station there are nearly four thousand men working twenty-four hours a day on the construction of the nation's torpedo supply. The Naval Training Station is the center for training the newly-enlisted men. Gould Island is the base for some of the country's finest aircraft. On Rose Island there are stores of munitions. At Melville is the fuel depot. Torpedo boats and submarines are continually coming to Newport for supplies of torpedoes. In addition, there is Army activity at Fort Adams, where part of the Coast Artillery is based, and where the Officers Reserves and the Citizens Military Training Camps are held in summer. Fort Adams is headquarters for all Army activities at the following forts; Adams, Newport; Church, Little Compton; Getty, Jamestown; Kearney, Saunderstown; Wetherell, Jamestown.

SPORT AND SOCIAL CENTER

The City-by-the-Sea is famed as a social center. Bellevue Avenue and Ocean Drive are lined with the mansions of the wealthy and on each Tuesday during the months of July and August, the gardens of these estates are thrown open to the public for a nominal charge to benefit the Civic League. At the Casino, Bailey's Beach and the Newport Country Club are listed the names of persons prominent in the financial and social world. The Casino Theatre yearly gives six new plays in which many famous Hollywood and Broadway stars have appeared. In August, the annual tennis tournament at the Casino is an event given nation-wide notice, with such great net stars as Bill Tilden, Ellsworth Vines, Donald Budge, Bitsy Grant and many others competing, while the annual golf tournament at the Country Club always has a galaxy of stars entered. Here at the Country Club was held the first national amateur tournament in the country.

The Newport Horticultural Society Flower Show is another event which is largely supported by the summer residents as can be seen by the beautiful and valuable varieties of flowers and plants that are entered from their gardens.

City Directory

Dont's

DON'T put your Directory in an out-of-the-way place, but keep it where your customers can see and use it without stopping someone to find it.

* * *

DON'T think that a Directory is paying for itself unless you use it, any more than an idle clerk can make you money.

* * *

DON'T look mad when a customer asks to look at your Directory.

* * *

DON'T look happy when a neighbor wants to borrow your Directory, for if you do, he will borrow it again, and if all were borrowers, when would the next Directory be published?

* * *

DON'T forget that an up-to-date city must have a Directory; and a merchant that has no Directory is what?

* * *

DON'T forget that a Directory borrower today will forget to return it tomorrow and you will call him what?

* * *

DON'T forget that the man who has a Directory pays for it and the borrower gets for nothing what another man pays for.

WARD BOUNDARIES

AN ACT

In amendment of Section 12 of Chapter 301 of the General Laws, 1938, entitled "Constitution and Organization of the General Assembly," and in amendment of Section 30 of Chapter 1392 of the Public Laws, January session, 1906, entitled, "An Act to Revise, Consolidate and Amend the Act, entitled, 'An Act Incorporating the City of Newport,' and the several Acts in amendment thereof and in addition thereto, passed April 2, 1875," and of all Acts in amendment thereof and in addition thereto.

It is enacted by the General Assembly as follows:

SECTION 1. Section 12 of chapter 301 of the General Laws, 1938, is hereby amended to read as follows:

Section 12. The city of Newport is hereby divided into four representative districts, bounded and described as follows:

(1) The first representative district shall consist of all that part of said city contained within the following described lines: starting at the point where the Middletown-Newport boundary line intersects the center line of Beacon Street; thence, running in a general westerly direction along the center line of Beacon Street to the point where the center line of Beacon Street intersects the center line of Hillside Avenue; thence, running in a general southerly direction along the center line of Hillside Avenue to the point where the center line of Hillside Avenue intersects the center line of Miantonomi Avenue ex-

tended in a general northwesterly direction; thence, running in a general southeasterly direction along the said extended center line and the center line of Miantonomi Avenue to the point where the center line of Miantonomi Avenue intersects the center line of Sagamore Street; thence, running in a general southwesterly direction along the center line of Sagamore Street to the point where the center line of Sagamore Street intersects the center line of Canonicus Avenue extended in a general northwesterly direction; thence, running in a general southeasterly direction along the said extended center line and the center line of Canonicus Avenue to the point where the center line of Canonicus Avenue continued in a general southeasterly direction intersects the center line of Broadway; thence, running in a general southwesterly direction along the center line of Broadway to the point where the center line of Broadway intersects the center line of Malbone Road extended in a general southeasterly direction, thence, running in a general northwesterly direction along the said extended center line and the center line of Malbone Road to the point where the center line of Malbone Road intersects the center line of Warner Street extended in a general northeasterly direction; thence, running in a general southwesterly direction along the said extended center line and the center line of Warner Street to the point where the center line of Warner Street continued in a general southwesterly direction intersects the center line of Farewell Street; thence, running in a general southeasterly direction along the center line of Farewell Street to the point where the center line of Farewell Street intersects the center line of Thames Street extended in a general northerly direction; thence, running in a general southerly direction along the said extended center line and the center line of Thames Street to the point where the center line of Thames Street intersects the center line of Long Wharf extended in a general easterly direction; thence, running in a general westerly direction along the said extended center line and the center line of Long Wharf to the point where the center line of Long Wharf intersects the harbor line extended North four degrees sixteen minutes and thirty-seven seconds East; thence, running South four degrees sixteen minutes and thirty-seven seconds West along the said extended harbor line to the point where the said extended harbor line intersects the line of mean high water; thence running in a general westerly, southerly, westerly, northwesterly, westerly, northerly, easterly, northerly, westerly, northeasterly, southeasterly and northeasterly direction along the line of mean high water to the point where the line of mean high water in Coddington Cove (so called) intersects the Middletown-Newport boundary line; thence, running in a general southeasterly direction along the Middletown-Newport boundary line to the point where the Middletown-Newport boundary line intersects the center line of Beacon Street, which is the starting point or point of beginning.

This representative district shall also include the Islands known as "Goat Island" and "Coasters Harbor Island."

(2) The second representative district shall consist of all that part of said city contained within the following described lines: starting at the point where the Middletown-Newport boundary line intersects the center line of Beacon Street; thence, running in a general westerly direction along the center line of Beacon Street to the point where the center line of Beacon Street intersects the center line of Hillside Avenue; thence, running in a general southerly direction along the center line of Hillside Avenue to the point where the center line of Hillside Avenue intersects the center line of Miantonomi Avenue extended in a general northwesterly direction; thence, running in a general southeasterly direction along the said extended center line and the center line of Miantonomi Avenue to the point where the center line of Miantonomi Avenue intersects the center line of Sagamore Street; thence, running in a general southwesterly direction along the center line of Sagamore Street to the point where the center line of Sagamore Street intersects the center line of Canonicus Avenue extended in a general northwesterly direction; thence, running in a general southeasterly direction along the said extended center line and the center line of Canonicus Avenue to the point where the center line of Canonicus Avenue continued in a general southeasterly direction intersects the center line of Broadway; thence, running in a general southwesterly direction along the center line of Broadway to the point where the center line of Broadway intersects the center line of Malbone Road extended in a general southeasterly direction; thence, running in a general northwesterly direction along the said extended center line and the center line of Malbone Road to the point where the center line of Malbone Road intersects the center line of Warner Street extended in a general northeasterly direction; thence, running in a general southwesterly direction along the said extended center line and the center line of Warner Street to the point where the center line of

Warner Street continued in a general southwesterly direction intersects the center line of Farewell Street; thence running in a general southeasterly direction along the center line of Farewell Street to the point where the center line of Farewell Street intersects the center line of Thames Street extended in a general northerly direction; thence, running in a general southerly direction along the said extended center line and the center line of Thames Street to the point where the center line of Thames Street intersects the center line of Marlborough Street extended in a general westerly direction; thence, running in a general easterly direction along the said extended center line and the center line of Marlborough Street to the point where the center line of Marlborough Street continued in a general easterly direction intersects the center line of Broadway; thence, running in a general northeasterly direction along the center line of Broadway to the point where the center line of Broadway intersects the center line of Ayrault Street extended in a general northwesterly direction; thence, running in a general southeasterly direction along the said extended center line and the center line of Ayrault Street to the point where the center line of Ayrault Street continued in a general southeasterly direction intersects the center line of Kay Street; thence, running in a general northeasterly and easterly direction along the center line of Kay Street, across Kay Boulevard and continuing along the center line of a proposed street, which is a continuation of Kay Street, to the point where the center line of the said proposed street continued in a general easterly direction intersects the center line of Bliss Mine Road; thence, running in a general northerly direction along the center line of Bliss Mine Road to the point where the center line of Bliss Mine Road intersects the Middletown-Newport boundary line; thence, running in a general northwesterly direction along the Middletown-Newport boundary line to the point where the Middletown-Newport boundary line intersects the center line of Beacon Street, which is the starting point or the point of beginning.

(3) The third representative district shall consist of all that part of said city contained within the following described lines: starting at the point where the Middletown-Newport boundary line intersects the center line of Bliss Mine Road; thence, running in a general southerly direction along the center line of Bliss Mine Road to the point where the center line of Bliss Mine Road intersects the center line of a proposed street, which is a continuation of Kay Street, extended in a general easterly direction; thence, running in a general westerly direction along the said extended center line and the center line of the said proposed street, across Kay Boulevard and continuing in a general westerly and southwesterly direction along the center line of Kay Street to the point where the center line of Kay Street intersects the center line of Ayrault Street extended in a general southeasterly direction; thence, running in a general northwesterly direction along the said extended center line and the center line of Ayrault Street to the point where the center line of Ayrault Street continued in a general northwesterly direction intersects the center line of Broadway; thence, running in a general southwesterly direction along the center line of Broadway to the point where the center line of Broadway intersects the center line of Marlborough Street extended in a general easterly direction; thence, running in a general westerly direction along the said extended center line and the center line of Marlborough Street to the point where the center line of Marlborough Street continued in a general westerly direction intersects the center line of Thames Street; thence, running in a general southerly direction along the center line of Thames Street to the point where the center line of Thames Street intersects the center line of Long Wharf extended in a general easterly direction; thence, running in a general westerly direction along the said extended center line and the center line of Long Wharf to the point where the center line of Long Wharf intersects the harbor line extended North four degrees sixteen minutes and thirty-seven seconds East; thence, running in a general southerly direction along the said extended harbor line and the harbor line to the point where the harbor line intersects the center line of Hammett's Wharf (so called) extended in a general westerly direction; thence, running in a general easterly direction along the said extended center line and the center line of Hammett's Wharf (so called) to the point where the center line of Hammett's Wharf (so called) continued in a general easterly direction intersects the center line of Thames Street; thence, running in a general northerly direction along the center line of Thames Street to the point where the center line of Thames Street intersects the center line of Fair Street extended in a general westerly direction; thence, running in a general easterly direction along the said extended center line and the center line of Fair Street to the point where the center line of Fair Street continued

in a general easterly direction intersects the center line of Spring Street; thence, running in a general southerly direction along the center line of Spring Street to the point where the center line of Spring Street intersects the center line of Bowery Street extended in a general westerly direction; thence, running in a general easterly direction along the said extended center line and the center line of Bowery Street, across Bellevue Avenue and along the center line of East Bowery Street to the point where the center line of East Bowery Street continued in a general easterly direction intersects the center line of Annandale Road; thence, running in a general southerly direction along the center line of Annandale Road to the point where the center line of Annandale Road continued in a general southerly direction intersects the center line of Narragansett Avenue; thence, running in a general easterly direction along the center line of Narragansett Avenue to the point where the center line of Narragansett Avenue continued in a general easterly direction intersects the line of mean high water of the Atlantic Ocean; thence, running in a general northerly and northeasterly direction along the line of mean high water to the point where the line of mean high water of the Atlantic Ocean intersects the Middletown-Newport boundary line; thence, running in a general northwesterly direction along the Middletown-Newport boundary line to the point where the Middletown-Newport boundary line intersects the center line of Bliss Mine Road which is the starting point or the point of beginning.

(4) The fourth representative district shall consist of all that part of said city contained within the following described lines: starting at the point where the harbor line intersects the center line of Hammett's Wharf (so called) extended in a general westerly direction; thence, running in a general easterly direction along the said extended center line and the center line of Hammett's Wharf (so called) to the point where the center line of Hammett's Wharf (so called) continued in a general easterly direction intersects the center line of Thames Street; thence, running in a general northerly direction along the center line of Thames Street to the point where the center line of Thames Street intersects the center line of Fair Street extended in a general westerly direction; thence, running in a general easterly direction along the said extended center line and the center line of Fair Street to the point where the center line of Fair Street continued in a general easterly direction intersects the center line of Spring Street; thence, running in a general southerly direction along the center line of Spring Street to the point where the center line of Spring Street intersects the center line of Bowery Street extended in a general westerly direction; thence, running in a general easterly direction along the said extended center line and the center line of Bowery Street, across Bellevue Avenue and along the center line of East Bowery Street to the point where the center line of East Bowery Street continued in a general easterly direction intersects the center line of Annandale Road; thence, running in a general southerly direction along the center line of Annandale Road to the point where the center line of Annandale Road continued in a general southerly direction intersects the center line of Narragansett Avenue; thence, running in a general easterly direction along the center line of Narragansett Avenue to the point where the center line of Narragansett Avenue continued in a general easterly direction intersects the line of mean high water of the Atlantic Ocean; thence, running in a general southerly direction along the line of mean high water to Ochre Point (so called), thence continuing in a general southwesterly direction along the line of mean high water to Coggeshall Ledge (so called), thence continuing in a general westerly direction along the line of mean high water to Brenton Point (so called), thence continuing in a general northerly direction along the line of mean high water to Castle Hill (so called), thence continuing in a general northeasterly and southerly direction along the line of mean high water to the point where the line of mean high water in Brenton Cove (so called) intersects the harbor line extended in a general southwesterly direction; thence, running in a general northeasterly and northerly direction along the said extended harbor line and the harbor line to the point where the harbor line intersects the center line of Hammett's Wharf (so called) extended in a general westerly direction, which is the starting point or the point of beginning.

This representative district shall also include the islands known as "Gooseberry Island" and "Lime Rocks."

Section 2. Section 30 of chapter 1392 of the public laws, passed April 19, 1906, entitled, "AN ACT TO REVISE, CONSOLIDATE AND AMEND THE ACT, ENTITLED, 'AN ACT INCORPORATING THE CITY OF NEWPORT,' and the several acts in amendment thereof and

in addition thereto, passed April 2, 1875," as amended by chapter 1308 of the public laws, 1915, and by chapter 1661 of the public laws, 1930, and by chapter 2409 of the public laws, January session, 1936, and by chapter 2458 of the public laws, December session, 1936, is hereby further amended to read as follows:

"Section 30. For the purpose of holding elections the city shall be divided into four wards and said wards shall be and the same are hereby bounded and described as follows:

The first ward shall consist of all that part of said city hereinbefore described as the first representative district.

The second ward shall consist of all that part of said city hereinbefore described as the second representative district.

The third ward shall consist of all that part of said city hereinbefore described as the third representative district.

The fourth ward shall consist of all that part of said city hereinbefore described as the fourth representative district."

Section 3. This act shall take effect upon its passage and all acts or parts of acts inconsistent herewith are hereby repealed.

WHARVES

(See Classified Business Directory)

You Use a Directory

To tell you who handles the product you are looking for and where to buy it.

To tell you where the person you are looking for can be located.

Locating Missing Heirs Finding Lost Persons

This is only one of the many offices that a modern directory successfully fills

The Directories of the United States form a perpetual inventory of the human element of the nation as well as the business activities.

Police Departments, the country over, rely upon directory information for the location of lost persons. Lawyers and executors of estates are likewise dependent on the information that these "city catalogs" contain.

Real Estate buyers and agents have multitude occasions to refer to the pages of directories of other cities in order that they may have detailed and authentic information on parcels of land and subdivisions in which they have a personal or business interest.

Credit managers have unlimited use for the pages of the modern directory, as have collection managers and agencies.

The uses of the City Directory are legion; the information is authentic and the manufacturers and companies that are represented therein are reputable and dependable.

Make more use of Your City Directory !!

More goods are bought and sold through the Classified Business Lists of the Directory than any other medium on earth.

YOUR CITY DIRECTORY

Is Something More than—

A Book of Names and Addresses

A Catalogue of Trades and Professions

A Street Guide

It is A Service that brings you daily in closer touch with your customers and friends

It Enables You to address them each and every one

To avoid the offense of incorrect spelling and addressing

To find new customers

To tell who lives in any house in the city

To find local sources of supply for hundreds of articles

It Will Save You time and money both in buying and selling. It will make you more efficient and protect your standing as an accurate and progressive business man

Your directory gives you an accurate bird's-eye view of your city, its institutions, inhabitants, government and buildings

Always Use the Latest Edition

The City Directory

is the most effective and most economical method of reaching all the people all the time. Those who buy without looking at the list of those who sell do themselves great injustice. The classified lists in the Business Directory form the best Buyers' Guide on earth. A modern, up-to-date method of getting what you want.

City Directory Dont's

DON'T put your Directory in an out-of-the-way place, but keep it where your customers can see and use it without stopping someone to find it.

* * *

DON'T think that a Directory is paying for itself unless you use it, any more than an idle clerk can make you money.

* * *

DON'T look mad when a customer asks to look at your Directory.

* * *

DON'T look happy when a neighbor wants to borrow your Directory, for if you do, he will borrow it again, and if all were borrowers, when would the next Directory be published?

* * *

DON'T forget that an up-to-date city must have a Directory; and a merchant that has no Directory is what?

* * *

DON'T forget that a Directory borrower today will forget to return it tomorrow and you will call him what?

* * *

DON'T forget that the man who has a Directory pays for it and the borrower gets for nothing what another man pays for.

Your City Directory

Is Something More than—

A Book of Names and Addresses
A Catalogue of Trades and Professions
A Street Guide

It is A Service that brings you daily
in closer touch with your customers
and friends

It Enables You to address them each
and every one

To avoid the offense of incorrect spell-
ing and addressing

To find new customers

To tell who lives in any house in the
city

To find local sources of Supply for
hundreds of articles

It Will Save You time and money
both in buying and selling. It will
make you more efficient and protect
your standing as an accurate and
progressive business man

Your directory gives you an accurate
bird's-eye view of your city, its
institutions, inhabitants, government
and buildings

Always Use the Latest Edition

POLK'S NEWPORT

Directory of Householders, Occupants
of Office Buildings and Other
Business Places

INCLUDING

A Complete Street and Avenue Guide
1942

Copyright, 1942, by R. L. Polk & Co.

Giving the location of Streets, Avenues, Places, Parks &c, showing what other streets and places run from or across them, and with a list of Householders and Places of Business arranged in Numerical Order upon their respective Streets.

The **Streets** are arranged in alphabetical order with the location of **Intersecting Streets** clearly shown.

The symbol © following the name of a householder indicates that the house is owned by the person listed, or by some member of the family.

This information is as received by the canvasser. The publisher does not and cannot guarantee its correctness.

Places of Business are indicated by bold face numbers and business being given.

Numbers following names indicate floors: preceding names, rooms or suites.

*Indicates Streets accepted; ** indicate part of street accepted.

*Before number indicates house incorrectly numbered.

The Δ preceding names denotes householders and places of business having telephones.

CONSULT THE
CLASSIFIED BUSINESS LISTS
 IN THIS DIRECTORY
 IF YOU WOULD FIND WHAT YOU WISH TO BUY

Information

in the mass seems like a dull proposition, but when we have a need of some person or thing nothing interests us more than getting information about that person or thing.

This directory looks like a big book to be walked around or fallen over or put out of the way, until you need some information that it contains—then it becomes the handiest thing around the place.

Has it ever occurred to you how much information you could get from this book, if you really knew how to use it.

There is a great mass of information here, arranged in a logical way that experience has shown most easily referred to. It does take a little study to know how to make full use, however, like anything else worth while.

A little study that opens up a new way to save time or increase accuracy is an asset to anyone. It may be you will find a lot of information you did not know was here before, that you would have spent a lot of time and trouble to find in other ways, and you will have increased your efficiency just that much. In buying, in selling, in shipping, correspondence, granting credit, sending bills, collecting money—

Consult Your Directory

Accurate Information is worth all it costs
